

## **DECEMBER 6<sup>TH</sup> 2009 GSLC TOWN HALL 1 RECAP**

### **CALL TO ACTION:**

On December 6, 2009, Pastor Marty and Kyle Montgomery presented a 'call to action' to the GSLC congregation in order to make greater strides in fulfilling our vision of being "a real presence of Christ in the community."

### **DISCUSSION POINTS:**

- Our organization and how the pastoral office and church operations come together to execute the vision of our church.
- The call to action must first recognize our diversity as a strength and that our challenge is to use that diversity to fulfill our vision.
- We will meet this challenge through small groups with focus on management and support to achieve the following goals:
  - 1) 80% of our attendance will be involved in at least one small group that is committed to both community service and church service so that we have a mechanism to move beyond our walls and into the community --essential to fulfilling our vision.
  - 2) Diligence in not managing small groups too tightly, but rather resourcing them to be a community presence in ways they cannot in and of themselves.

### **NEW SMALL GROUPS MINISTRY DIRECTOR**

Trent Goodwill was introduced as our new Small Groups Ministry Director. He will coordinate and equip small groups in addition to his current part-time role as Student Ministries Director. Beginning December 12, 2010, Trent will move from a part-time position to full-time ministry.

### **CALL TO PRAY**

Please be in prayer about this call to action as we spend the next several months building from the solid foundation already in place to grow our presence in the community through small groups.

### **WATCH IT UNFOLD**

The above is just a quick glance of the results of the meeting. Watch the whole presentation and experience the 'chisel'... realize the masterpiece of who God made you – and our church body as a whole – to be.
